VES member : 4034

Thibault.gauriau@gmail.com

I am a Senior Artist specialized in complex visual effects work for feature film since 2006. My experience goes from photography & retouching to commercial work, animation, feature film and VFX post production in various facilities around such as Ubisoft, BUF cie, the Moving Picture Company & Lucasfilm Industrial Light & Magic. Enthusiastic and hard working, It is important for me to always push the quality higher, help others and work as a team to bring the most innovative ideas to reality. In that spirit, I also takes great interest in passing on the knowledge by teaching in art schools and performing lectures for various audiences. My passion for creativity and the urge to learn more is never ending !
